

Call w/ Randall (Case Notes)

Called Randall and went over the following:

- He can ask for a continuance if judge is not inclined to give him bond; went over bond requirements before/post release
- He will have supporting documentation sent by his family handy in case judge wants to see it. I already faxed it
- If he asked, will explain that he has not been drinking and driving since his last DUI arrest.

Updated Blurb and Documentation for AILA Referral (Case Notes)

He is currently detained at Boone County detention center in Kentucky. He is a 49 year old man from Mexico and speaks Spanish. Randall entered the U.S. without inspection in 2006 and has only left once for about two months in 2012. He has 2 U.S. Citizen sons. Ages 6+15 who are both U.S. citizens, they all live in Lafayette, IN. He worked in landscaping before being arrested in Rochester, Indiana in 2020. He was then convicted of DUI in 2021, with a sentence of one year of jail and one year probation. He served 120 days and the remaining time was suspended with community service. He was then arrested by ICE a few months after being released. He was in the process of trying to apply for a U Visa after being assaulted in 2019, but he hasn't yet submitted the application. He appears eligible for non-LPR cancellation of removal.

Master Calendar Hearing is February 16th a.m. before IJ; he is willing to seek a continuance but we have already received all the necessary supporting documentation.
